

6. Brushless DC Fans, Blowers & Controllers

- Vaneaxial, centrifugal and mixed flow configurations
- A full range of fans available in 12V and 24V DC
- Applications : scavenge fans, spot cooling, fume extraction, HVAC and CBRN
- Very high performance & power output
- Motor sizes up to 1.5kW at 28V DC
- DC intelligent controllers available for all motors
- Designed to military standards
